Alphabet Soup

Enriching the Preschool Experience

ALPHABET SOUP is a reading program structured with the developmental capabilities of 4 and 5 years-old in mind. The intent is to strengthen those capacities and have fun while learning to read. The children are trained in phonemic awareness and phonics.

PROGRAM GOALS

The children will learn to:

- Hear the distinct sounds contained in a word
- Recognize the position of each sound: beginning middle, and end
- Associate a sound with a specific letter
- Distinguish between short and long vowel sounds and learn when to use them
- Group individual sounds to form words
- Read consonant, vowel, consonant (cvc) words and sight words
- Be introduced to common blends and vowel teams

PROGRAM MECHANICS

The year-long weekly 45-minute class held on Mondays from 12:45 PM to 1:30 PM utilizes:

- Games
- Puppets
- Puzzles
- Movement
- Songs
- Blocks
- Arts and Crafts
- Manipulatives
- Other relevant and appropriate materials

PROGRAM ORIGINS

Alphabet Soup was conceived in 1994 to enhance the pre-K program and prepare children for kindergarten. The program was culled from extensive research in phonemic awareness and phonics and has been fine-tuned over the many years I have used it in my classes.

COMMUNICATION WITH PARENTS

You can access my website each week to see what your child has learned and what additional reading is recommended at www.pallyeducation.com. A password will be provided at the first class.
